PART I.

REVENUE

SECTION 1—LAND REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ THE FOLLOWING:—

(1) Subject No. 72 of the Representative Assembly Proceedings of 1905, praying that the minimum for the sub-division of a survey number in the khate of a single person but in the enjoyment of several persons, may be fixed at one acre in the case of wet, ten guntas in the case of garden and two acres in the case of dry lands

(2) Letter No. 27, dated the 15th August 1906, from the Survey and Settlement Commissioner in Mysore, expressing his opinion on the above representation and proposing a modification of the minima prescribed in Appendix H to the Land Revenue Rules.

(3) Subject No. 95 of the Representative Assembly Proceedings of 1906.

(4) Letter No. 1046, dated the 17th July 1907, from the Revenue Commissioner in Mysore, expressing his opinion on the question of the recovery of kandayam from other shareholders when it is not paid by the khatedar.

(5) Letter No. 74, dated the 7th August 1907, from the Superintendent of Revenue Survey in Mysore, forwarding the opinions of the Revenue Commissioner and the Deputy Commissioners of Districts, with his final proposals regarding the modification of the minima.

No. R. 3366-75—L. R. 590-05-8, DATED BANGALORE, 29TH NOVEMBER 1907.

ORDER THEREON.—It was more than once represented at the meetings of the Representative Assembly that the existing minima for the sub-division of survey numbers should be reduced so as to provide facilities for the sub-division of lands in the enjoyment of several persons according to their respective shares, but Government ordered in their Proceedings No. 3055-64—L. S. 6-05-4, dated the 6th September 1905, that the existing minima could not be reduced. As the subject was again pressed in 1905, and as it seemed desirable to have the question further discussed, *viz.*, whether local conditions had been sufficiently taken into consideration in fixing the minima and whether the latter required reduction in the interests of cultivation, the matter was referred to the late Survey Commissioner for investigation and report. That officer, while holding that unlimited sub-division prayed for by the Representative Members should on no account be permitted, proposed a modified scale of minima for the various classes of land in the several districts.

2. From the correspondence read above, it is observed that the Deputy Commissioners of Bangalore, Kolar, Tumkur and Mysore are of opinion that the minima * proposed by the Survey Commissioner for their districts are quite fair and may be adopted. The Deputy Commissioner of the Hassan District thinks that the * minima proposed for that district do not fully meet the wishes of the Representative Members and that they may, however, be adopted with a proviso that individual cases of hardship might be brought to the notice of

	Dry	Wet	Garden
	A. g.	A. g.	A g
* Bangalore	4 0	1 0	0 20
Kolar	4 0	1 0	0 20
Tumkur	4 0	1 0	0 20
Mysore	4 0	1 0	0 20
* Hassan	6 0	1 0	0 10

the Survey Department for special treatment. The minimum of six acres suggested by the Survey Commissioner for dry land in the Shimoga and Kadur Districts is proposed by the respective Deputy Commissioners to be reduced to 4 and 5 acres, respectively, but the Superintendent of Revenue Survey proposes a uniform minimum of 5 acres for the Hassan, Shimoga and Kadur Districts. The minimum of 12 acres proposed by the Survey Commissioner for the dry black soil in the Chitaldrug District, is recommended by the Deputy Commissioner to be reduced to 10 acres and the Superintendent of Revenue Survey accepts the recommendation. The Revenue Commissioner fully concurs in the suitability of the minima proposed by the Survey Commissioner, although he is of opinion that the concession does not fully meet the wishes of the Representatives, *viz.*, optional and unlimited sub-division of survey numbers subject to the prescribed minima.

3. Government, however, after careful consideration deem it inexpedient to make any provision for sub-division solely with the object of enabling a person entitled only to a portion of a survey number to get his share sub-divided so as not to be compelled to pay the assessment on the entire survey number. The existing provisions of law are sufficient for the protection of the interests of sharers in such cases, and Rule 40 of the Land Revenue Rules and Sections 77 and 78 of the Land Revenue Code, enable a person having to pay arrears due to another's default to get himself reimbursed for such payment by summary process of recovery under the Land Revenue Code.

4. In special cases, the Revenue Commissioner has the power under Section 109 of the Land Revenue Code to direct sub-divisions below the prescribed minima and Rule 73 of the Land Revenue Rules confers a similar power on the Survey Department, subject to the sanction of Government, when such a course is found to be necessary in the interests of Government or to obviate hardships that may be caused by strictly enforcing the provisions of Section 110(*b*) of the Land Revenue Code, regarding the relinquishment of recognized shares of survey numbers. In the case of occupied survey numbers, optional sub-division subject to the prescribed minimum is allowed by Rule 72 of the Land Revenue Rules during re-survey, but it is reported that in the taluks already settled such applications have been very few, thereby indicating that the request for a reduction of the minima emanates from considerations other than those connected with a desire to have holdings of a convenient size for purposes of cultivation.

5. With these observations, Government are pleased to approve, with certain modifications, of the revised scale of minima proposed by the Superintendent of Revenue Survey, which provides sufficiently for the varying needs of different localities. As regards coffee lands, Government have already issued orders in Notification No. R. 214, dated 6th July 1907, directing the reduction of the minimum from 15 to 5 acres in certain specified cases, and Government do not consider it expedient to fix a uniform minimum of five acres for adoption in all cases. The notification printed at the foot of this order will accordingly be published in the Gazette.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt. Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of Districts.

Notification No. R. 3376—L. R. 590-05-9, dated the 29th November 1907.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the following scale of minima for the sub-division of survey numbers be substi-

tuted for that prescribed in Appendix H to the Land Revenue Rules issued with Notification No. 264—R. 122, dated 10th July 1901 :—

Name of district	Class of land	Minimum area of sub-division	
		A.	g.
Bangalore ... . Kolar ... ... Tumkur and Mysore	Dry Wet Garden	4 1 0	0 0 20
Hassan ... ... Shimoga and Kadur	Dry Dry	4 5	0 0
Hassan, Shimoga and Kadur	Wet Garden Coffee Cardamom	1 0 15 5	0 10 0 0
Chitaldrug	Dry (Black soil) Dry (Red soil) Wet Garden	10 6 1 0	0 0 0 20

NOTE.—The minimum area for the sub-division of coffee lands shall be reduced to five acres in the following cases and subject to the following conditions :—

1. Where the land concerned is self-contained, *i.e.*, it does not adjoin other lands fit for coffee.

2. Where it adjoins lands fit for coffee, or when the application is for a portion out of a large area; provided that in such cases the lands be given out from one side of a survey number and in continuation of the existing cultivation without prejudice to the remaining portion of the survey number being made available for future applicants.

3. Where it adjoins the applicant's own ordinary agricultural lands.

4. When the land applied for is by the side of a stream, it shall be taken up on one side of it, and the usual margin of 50 yards shall be left free.

By Order,
C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

SECTION 4—FORESTS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following papers relating to the settlement of the Berambadi north-east extension block in the Gundlupet Taluk, Mysore District:—

1. Letter No. 317, dated 14—26th January 1905, from the Forest Settlement Officer in Mysore, reporting the completion of the settlement of the block and submitting the papers connected therewith:

"I have the honor to submit herewith a report on the conclusion of the settlement of the Berambadi north-east extension in the Gundlupet Taluk of the Mysore District, done by Mr. N. Venkata Rao, the then Forest Settlement Officer.

(2) The initial notification under Section 4 of the Mysore Forest Regulation, was notified on the 24th August 1901, and the date of proclamation thereof is not forthcoming in the records. It will be seen from the decisions recorded by Mr. Venkata Rao, that he inspected the locality and enquired into the claims preferred by the raiyats.

(3) In all, ten claims were made to the following rights:—

(1) Two claims for right of way.

(2) Three claims for right of grazing.

(3) Four claims for right of water.

(4) One claim for right of removing forest produce.

Both the claims mentioned in No. 1 were admitted and recorded and all the claims as per No. 2 were rejected. Of the claims mentioned in No. 4 two were disposed of by excluding the kattes, and the other two were admitted and recorded. The claim to remove forest produce was rejected by the Deputy Commissioner on appeal.

(4) The area of the Forest notified under Section 4 of the Mysore Forest Regulation was mentioned to be about acres 5,916, guntas 23, whereas the correct area even after excluding such portions as have been ordered so to be done during the settlement, will be acres 5,957, guntas 24, or 7·90 square miles.

(5) The following records are herewith submitted:—

(1) Form B. Register of claims.

(2) Form C. Register of lands taken up.

(3) Sketch map.

(4) Boundary statement.

(6) In the boundary statement, the date from which the reservation is to take effect has to be inserted."

2. Correspondence ending with Government Proceedings No. R. 14794-7—Ft. 126-05-5, dated the 16th May 1906, directing the abandonment of the proposed extension.

3. Letter No. 4039, dated the 30th November 1906, from the Conservator of Forests in Mysore, soliciting a reconsideration of the above orders and requesting that, under the circumstances represented, the block may be notified a State Forest, and stating that if the provision made for the requirements of the villagers residing close to the Forest is considered inadequate, the lands proposed to be taken up from the villages of Desipur, Chennamallapur and Maddur may be excluded.

4. Letter No. 2075—C. 10, dated 7th August 1907, from the Revenue Commissioner in Mysore, stating that the block may be notified as a State Forest as modified by the Conservator.

5. Government Order No. R. 1870-3—Ft. 127-06-4, dated the 9th September 1907, approving of the modifications suggested by the Conservator of Forests and the Revenue Commissioner and directing the revision of the settlement papers.

6. Letter No. 94, dated the 28th September 1907, from the Forest Settlement Officer in Mysore, submitting the settlement papers and the draft notification duly revised.

7. Registers B and C.

B. Register of claims to lands, rights to forest produce or easements in the Berambadi north-east extension State Forest.

Forest, dated 14th November 1907.

No. R. 3009 13—Ft. 82-07-2, dated Bangalore, 14th November 1907.

Order thereon.—The settlement of the block as revised is approved and will be notified as hereunder in the *Mysore Gazette*, under Section 17 of the Forest Regulation, the 15th of December 1907 being entered as the date from which the block shall be declared a State Forest.

2. The Deputy Commissioner of the Mysore District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

3. The appropriation of 4,767 acres and 24 guntas of kharab and 378 acres of gomal land for the forest is sanctioned.

4. The conversion of 532 acres out of kharab Survey No. 200, and 21 acres and 7 guntas out of kharab Survey No. 202 of Bargi village as gomal is also sanctioned.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Forest Settlement Officer in Mysore.
The Deputy Commissioner, Mysore District, with map and Registers B and C.
The Conservator of Forests in Mysore.
The Revenue Commissioner in Mysore.
The Superintendent, Revenue Survey and Settlements.

NOTIFICATION.

No R. 3014—Ft. 82-07-3, dated 14th November 1907.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation, XI of 1900, that, from 15th December 1907, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a State Forest, subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk	Approximate area	Name of block	Boundaries
Mysore	Gundlupet	8·03 square miles	Berambadi forest north-east extension	*North.*—Starting from the trijunction bandhs of Berambadi State Forest and North District Forest and Naganapur village limits, the line runs south-east along the southern boundary of Naganapur village to its south-east corner, then south-east along the boundary between Berambadi North District Forest and Desipur to a point about 45 chains north-west from the gadi bandhs of Desipur, Berambadi North District Forest and Bargi. *East and South.*—Thence the line runs south through Survey Nos. 2 of Berambadi North District Forest for a distance of about 25 chains, 203 of Bargi village for a distance of about 80 chains, leaving the katte to the left, and 202 and 200 of Bargi for a distance of about 13 and 38 chains, respectively, to the north-east corner of Survey No. 79 of Hongahalli; then west along the northern boundary of Survey No. 79 to its north-west corner; then south along the western boundary of the same number to its southernmost corner, leaving the Boliankatte to the left; thence south-west along the boundary between Berambadi North District Forest and Chennallapura to the trijunction bandhs of Berambadi North District Forest, Chennallapura and Maddur; then south-west along the boundary between Berambadi North District Forest and Maddur to the trijunction bandhs of Berambadi State Forest, Berambadi North District Forest and Maddur. ***West.*—Thence north along the demarcation line of Berambadi State Forest to the starting point.**

A. Remarks.

The following rights of way are admitted within the block, to the undermentioned shrine and pond :—

No.	Name.	Situation.	Access.
1	Mariamma's temple	In Survey No. 2 of the Berambadi North District Forest.	By a cart-track, 9 feet wide, about 180 chains long, open for men, cattle and carts only on Mondays and Fridays of the week. It enters the forest in the eastern boundary of the reserve at a point about 10 chains from the south-east corner of Survey No. 202, and goes west through Survey Nos. 203, 202 and 201 and North District Forest No. 2 to the temple.
2	Harudevankatte	In Survey No. 201 of Bargi.	By cart-track No. 1 after obtaining permission of the Forest Department, when necessity arises for using water.

By Order,

C. S. BALASUNDARAM IYER,

Offg. Secy. to Govt., Gen. & Rev. Depts.

READ—

The following papers relating to the settlement of the Basavankal Forest in the Nagamangala Taluk, Mysore District :—

(1) Letter No. 8, dated the 30th June—3rd July 1905, from the Forest Settlement Officer in Mysore, reporting the completion of the settlement of the block and submitting the papers connected therewith.

"I have the honor to submit herewith a final report on the conclusion of the settlement of the Basavankal Forest in the Nagamangala Taluk of the Mysore District, done by Mr. K. Srikantaiya, the then Forest Settlement Officer

2. The initial notification under Section 4 of the Mysore Forest Regulation appeared on pages 178 and 179 (Part I, English) of the *Mysore Gazette*, dated 6th March 1902, and the proclamation thereof on pages 233-234 and 235 (Part II, Kanarese) of the same, dated 1st May 1902, under the signature of Mr. P. Srinivasa Rao, who had then been appointed Forest Settlement Officer in respect of this block. The final report drawn up by Mr. Srikantaiya on the conclusion of the settlement of this forest shows that he had been appointed Forest Settlement Officer instead of Mr. P. Srinivasa Rao, in Government Notification No. 445—5439, dated the 5th January 1904, and that he inspected and perambulated the locality in April 1904.

3. The claims enquired into by Mr. Srikantaiya were altogether eleven :—

(1) Six claims to patta right.
(2) One claim for right of worship.
(3) One claim for right of way.
(4) One claim for right to water.
(5) Two claims for right of free grazing.

All the claims mentioned in (1), (2), (3), and (4) were admitted by the Forest Settlement Officer, and the two claims in (5) rejected as unnecessary. But from the statistics received from the Amildar of Nagamangala Taluk with his report No. 651, dated 30th March 1905—3rd April 1905, I find that the occupied survey numbers for the acquisition of which compensation was awarded, are now shown as assessed wastes.

The accompanying list shows the details of such lands.

The appeal period expired on the 20th July 1904. No appeal seems to have been preferred to the Deputy Commissioner against his decisions.

5. The following records are herewith submitted :—

(1) B. Register of claims.
(2) C. Register of lands taken up.
(3) Sketch map.
(4) Boundary notification.

The date from which reservation is to take effect has to be inserted in the boundary notification."

(2) Letter No. 3327, dated the 8th November 1906, from the Conservator of Forests in Mysore, requesting that the settlement papers of the block may be ordered to be revised in the light of the instructions conveyed in Government Proceedings No. R. 13848-9—Ft 74-05-10, dated the 25th April 1906, directing the exclusion of Survey No. 87 of Paduvalapatna from the forest.

(3) Letter No. 139, dated the 8th December 1906, from the Forest Settlement Officer in Mysore, submitting the settlement papers, duly revised.

(4) Letter No. 209, dated the 2nd October 1907, from the Deputy Commissioner, Mysore District, submitting a report on the petition of the raiyats of Handenahalli, praying for the exclusion of Survey No 45 of their village from the forest, and stating that the area left for the villagers is sufficiently ample for their requirements and that the exclusion asked for is not necessary.

(5) Registers B and C.

1	Puttamallaiya, patel of Nerlekere, on behalf of the villagers.	16th April 1904	Claims right of free grazing in Survey No. 128, proposed to be included in the State Forest.	.....	.....	The gomal, left to the village, after taking in Survey No. 128, is quite adequate for the village cattle. Hence the claim is rejected. (Sd.) K. Srikantaiya, Forest Settlement Officer. 16th April 1904	.....	.....
2	Kempegowda, patel of Padavalapatna, on behalf of the villagers.	Do ...	Claims right of free grazing in Survey Nos. 87 and 120.	.....	.....	As gomal left is insufficient to the village cattle, portions left in Kharab Survey No. 74 will be converted into gomal subject to the approval of the Deputy Commissioner. Hence rejected. (Sd.) K. Srikantaiya, Forest Settlement Officer. 16th April 1904.	G. O. No. R. 13848-9—Ft. 74 05-10, dated the 25th April 1906. The reservation of gomal Survey Nos. 87 and 120 of Padavalapatna, is represented as likely to be a source of hardship and oppression to the raiyats The Conservator is of opinion that the provision made by Forest Settlement Officer is more than what the villagers require. However, the Government agree with the Revenue Commissioner and order the exclusion of Survey No. 87 from the Basavankal Forest. (Sd.) B. K. Venkatavaradaiengar, Secy. to Govt. 8th December 1906.	.....
3	Kempegowda, patel of Padavalapatna, on behalf of the public.	Do ...	Claims right of way over a foot-path leading to Nerlekere.	.....	.....	Admitted, for men and cattle throughout the year, width being 36 feet. (Sd.) K. Srikantaiya, Forest Settlement Officer. 16th April 1904.		.....
4	Kempegowda, patel of Padavalapatna, on behalf of the devotees.	Do ...	Claims right to worship in the Kalabrahman temple in Survey No. 120 and a right of way thereto.	.....	.....	Admitted. Access to the same is allowed by a foot-path 36 feet wide branching from the path in claim No. 3. (Sd.) K. Srikantaiya, Forest Settlement Officer. 16th April 1904.		.....

	Kempa, holder of Survey No. 119 of Padavalapatna.	18th April 1904	Claims patta right over Survey No. 119 and admits to surrender the rights, if 6 acres in Survey No. 129 are given to him, as per his application, free of cost.	.....	.....	Admitted. Six acres of land in Survey No. 129 to be given free to the claimant instead of 6 acres and 35 guntas, acquired for the forest. (Sd.) K. Srikantaiya, Forest Settlement Officer. 18th April 1904.	.....	.....
6	Kempa and Harva, joint holders of Survey No. 113 of Padavalapatna.	Do ...	Kempa claims Rs. 35 compensation for his portion of the land and the other prays to surrender his portion of the survey number provided 10 acres of land are given to him when he applies, free of cost.	.....	.....	Admitted. Rs. 35 may be awarded to Kempa and 10 acres of land to Harva as prayed for. (Sd.) K. Srikantaiya, Forest Settlement Officer. 18th April 1904.	.....	.....
7	Harva, holder of Survey No. 125 of Padavalapatna.	Do ...	Claims patta right over Survey No. 125 and admits to surrender his claim if 6 acres of land are given to him from gomal, free of cost.	.....	.....	Admitted. Six acres of land may be given to him from gomal left outside, free of cost. (Sd.) K. Srikantaiya, Forest Settlement Officer. 18th April 1904.	.....	.....
8	Harva, holder of Survey No. 226 of Padavalapatna.	Do ...	Claims patta right over Survey No. 226 of Padavalapatna.	.....	.....	Admitted. As agreed to by the owner, Rs. 15 is awarded as compensation and the land acquired. (Sd.) K. Srikantaiya, Forest Settlement Officer. 18th April 1904.	.....	.....
9	Huchcera, holder of Survey No. 223 of Padavalapatna.	Do ...	Claims patta right over Survey No. 223 of Padavalapatna.	.....	.....	Admitted. As consented to by the holder, Rs. 20 is awarded as compensation and the land acquired. (Sd.) K. Srikantaiya, Forest Settlement Officer. 18th April 1904.	.....	.....
10	Patel of Handenahalli on behalf of the public.	Do ...	Claims right to water in the Basavanakatte in Survey No. 45 of Handenahalli, together with a right of way.	.....	May not be admitted as there are kattes outside. If the Forest Settlement Officer deems fit, he might give Rs. 25 for the repairs of the katte beyond the forest boundary.	Admitted. The katte and a way of 7 × 42 chains between Vastikallu and Salamatti may be set apart for the use of the raiyats and cattle all the year round. (Sd.) K. * To be converted into gomal.

† Camping ground.

No. R. 3279-84—Ft. 113-06-5, dated Bangalore, 25th November 1907.

Order thereon.—As Survey No. 87 of Paduvalapatna has been excluded from the forest, the proposal of the Forest Settlement Officer to convert kharab Survey No. 74 into gomal so as to provide additional grazing land is not necessary.

2. The settlement as revised is approved and the boundary notification will be published as hereunder in the *Mysore Gazette*, under Section 17 of the Mysore Forest Regulation, the 1st of January 1908, being entered as the date from which the block shall be declared a State Forest.

3. The Deputy Commissioner of the Mysore District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

4. The payment of a compensation of Rs. 647-8-0, for the occupied lands acquired for the forest, is sanctioned.

5. The assessment on the assessed lands, namely, Rs. 56, taken up for the forest will be written off the accounts.

6. The undermentioned lands will be given free to the claimants out of Survey No. 129 of Paduvalapatna in exchange for the lands taken up for the forest:—

6 acres	to the claimant of	Survey No.	119
10 acres	do	do	118
6 acres	do	do	125

7. The raiyats of Handenahalli will be informed that as sufficient land has been left for their use, their prayer for the exclusion of Survey No. 45 cannot be entertained.

D. No. 7, on the right bank of Kurabkattehalla (opposite to south-east corner of Survey No. 116) ; then north along the right bank of the said halla to the starting point.

A. Remarks.

The following public rights of way are admitted :—

1. (i) *Foot and cattle track*, 36 feet wide, from Padavalapatna to Nerlekere, open for men, cattle and carts all the year round. This enters the reserve at the north-west corner of Survey No. 106 of Padavalapatna and running north-west across Survey Nos. 129 and 120 of Padavalapatna and 128 of Nerlekere for a distance of about 120 chains, quits the forest at the north-west corner of Survey No. 128 of Nerlekere.

   (ii) Access to the following sacred places is admitted by the paths mentioned against them :—

No.	Name of sacred place	Situation	Access
1	Kalabrahman temple.	In Survey No. 120 of Padavalapatna.	Access is given by a foot-path for men and cattle throughout the year, 36 feet wide branching from foot-path 1 (i) *supra*. This branches from path No. (i) at about the north-east corner of Survey No. 119 of Padavalapatna and running north-west for a distance of about 32 chains across Survey No. 120 and due north across the same for a distance of about 7 chains to the temple.
2	Basavankatte.	In Survey No. 45 of Handenahalli.	By a path 7×42 chains long, open for men, cattle and carts throughout the year. This enters the forest in its southern boundary at (F. D. No. 4) and goes north-east to the katte.

B. I.—Five acres of land around Kalabrahman temple are set apart for camping purposes.

By Order,

C. S. BALASUNDARAM IYER,

Offg. Secy. to Govt., Gen. & Rev. Depts.

READ—

Letter No. 5915, dated 3rd December 1906, from the Revenue Commissioner in Mysore.

"I have the honor to acknowledge your letter No. R. 3325, dated 20th September 1906, forwarding for opinion copy of letter No. 958 of the 8th August 1906, from the Conservator of Forests in Mysore, *re* the delay in finally submitting to Government the proposals for the reservation of forests. As the letter deals with various matters and contains allegations of unnecessary delay and of irregular procedure on the part of this office, I took time to look into these matters carefully before venturing upon giving any opinion. From the best consideration I have been able to give to the subject, I am obliged to come to the conclusion that, while the delay complained of is to some extent true, the responsibility for the same has unfortunately to be laid at the door of the Forest Department itself.

(2) This position will be clear from the following facts. Before the office of the Revenue Commissioner was created, the proposals for the reservation of forests were prepared by the District Forest Officers and submitted through the Deputy Commissioners to Government for issue of notification under Section 4 of the Forest Regulation. Subsequent to the appointment of the Revenue Commissioner, the proposals of the Deputy Commissioners are made to pass through the Revenue Commissioner before submission to Government by the Conservator.

(3) Many of the settlement papers submitted by the Deputy Commissioner to Government for the issue of final notification under Section 17 of the Forest Regulation related to cases in which preliminary notifications had issued without the consultation of the Revenue Commissioner and they were referred to the Revenue Commissioner for opinion. But as the settlement papers did not contain any intelligible description of the resources of the tract proposed to be reserved or of the rights and privileges of the villagers in the same, this office had no other alternative but to refer to the Deputy Commissioners, for the necessary information. The Deputy Commissioners, in their turn, had to call for information from the Amildars. This led to necessary and in some cases avoidable delays and further the information newly collected gave rise to many objections to the Forest Settlement itself.

The Conservator complains of this delay and also questions the propriety of re-opening the award made by the Settlement Officer otherwise than in the manner allowed by the Regulation. Both of these objections may strictly speaking be sustainable, but, in the interests of Government and of the public, what is wanted is not a perfunctory compliance with the provisions of the Regulation but a *bonâ fide* and substantial enquiry into the propriety of the reservation of a particular tract, having due regard to the nature of the tract, the existing rights and privileges of the people in the neighbourhood and the general interest of the public at large. A perusal of my letters in the marginally noted cases will show how imperfectly these matters have been dealt with in the proceedings hitherto taken both for preliminary notification and for the settlement by the Forest Settlement Officer.

1. This office unofficial No. 31, dated 31st May 1906
2. Letter No. 2280, dated 29th August 1906, to the Secretary to Government, Gen. & Rev. Depts.
3. This office unofficial No. 7, dated 31st August 1906
4. Letter No. 2277, dated 31st August 1906, to the Secretary to Government, Gen. & Rev. Depts.
5. Letter No. 2613, dated 7th September 1906, to the Secretary to Government, Gen. & Rev. Depts.
6. Letter No. 3014, dated 14th September 1906, to the Secretary to Government, Gen. & Rev. Depts.
7. Letter No. 3792, dated 13th October 1906, to the Secretary to Government, Gen. & Rev. Depts.

As regards the second objection, the Conservator of Forests would be the last person to shirk full enquiry and to take advantage of a mere technicality. But even under the strict construction of the Code, the Government is not bound to issue a final notification upon a settlement without any further consideration and the defects and imperfections brought to light on such reference, furnish the best justification for the action taken by Government.

(4) As regards the future, I have invited the attention of the Conservator to the desiderata in the preliminary investigation as now conducted by the Forest Officer and the Deputy Commissioner and the enquiry by the Forest Settlement Officer and have no doubt that when these defects and omissions are supplied, the settlement work will progress satisfactorily.

The Conservator of Forests seems to urge that by the constitution of a tract into a State Forest, the raiyats' privileges therein will not be curtailed but on the other hand extended. But I think this is not consistent with the experience of the public either in Mysore or elsewhere. It is all very well to declare that the raiyats shall be allowed to take a certain number of bundles of firewood, cut wood for implements or graze cattle, but in practice these are limited by so many formalities that an engine of oppression is placed in the hands of the subordinate agency of the Forest Department. It is therefore a mere matter of vexation and trouble to think of forming State Forests subject to such petty rights and privileges and it is better in such cases that we should constitute large tracts into State Forests with strict administration while smaller areas should be conserved by declaring them as "Reserved land" under Rule 6 of the General Rules for the management of District Forests and other lands at the disposal of Government, published in Government Notification No. 245-1300, dated 2nd October 1901.

(5) Another important matter on which the Government should lay down clear instructions is how rights and privileges which raiyats in distant villages enjoyed in District Forests on the ground that they have no District Forests near their home should be commuted when it is proposed to constitute the said District Forests into State Forests."

2. Note dated the 9th March 1907, by the Conservator of Forests in Mysore.

"The procedure for the constitution of State Forests is laid down in Chapter II of the Forest Regulation and in the orders of Government quoted in the margin, which if properly observed would leave nothing to be desired. It is the non-observance of the rules and orders that is the cause of all the delay. Hitherto the proposals for reservation have been submitted in accordance with the instructions conveyed in the last mentioned order; but the Revenue Commissioner has lately insisted upon the submission of elaborate statistics about the census of the people and of the extent and description of dry, wet and garden lands in the neighbourhood of the proposed State Forests. He has besides asked for a thorough investigation into the rights and privileges of the people concerned and for suggestions for continuing them. Such an elaborate enquiry is not required of Forest Officers at the preliminary stage. The statistics and the particulars referred to are not easily available to Forest Officers and much time is lost in obtaining them from the Revenue Officers, who usually take their own time in complying with such requisitions. In nine cases out of ten they are rarely supplied within reasonable time and this necessitates frequent trips to the Taluk Cutcherry on the part of Range Officers. It is for the Government to decide whether Forest Officers are bound to furnish such information and whether the Forest Settlement Officer who usually is a Revenue Officer of some standing cannot be relied upon to look into such matters at the time of settlement. Under the procedure now obtaining the District Forest Officer must transmit his proposal through the Deputy Commissioner. The latter refers it to his Revenue Assistant Commissioner who in his turn refers it to the Amildar. Now all this circumlocution and delay could be avoided if the Deputy Commissioner disposes of such papers in consultation with his Forest Assistant and with the aid of statistics and particulars placed before him.

No. 250-7—1305-12, dated 2nd October 1901.
No. R. 1295—303-43-1, dated 15th August 1904.

In Mysore all waste lands are the absolute property of the State and are free of all rights. It is true that certain privileges have been allowed in them, to the local inhabitants; but they can always be extinguished without compensation. In this circumstance any detailed enquiry into rights and privileges preliminary to the issue of the notification under Section 4, seems hardly necessary. All that the Deputy Commissioner is expected to see is whether sufficient area has been left to meet the ordinary requirements of the people and this information is furnished in the area statement prescribed in Government Order No. 250-7—1305-12, dated 2nd October 1901. The investigation into rights and privileges and the best method of providing for them may, in my humble opinion, be safely left to the Forest Settlement Officer.

As a rule when the area set aside for communal use is not less than that of the occupied land, there should be no hesitation in accepting the District Forest Officer's proposal. A simple rule like this will clear away many difficulties and put an end to the delay complained of.

With reference to the Revenue Commissioner's remarks and suggestions contained in para 4 of his letter, I beg once again to respectfully impress upon Government that whatever may be the case outside Mysore our State Forests are a real blessing to the neighbouring population. They provide them with labour and materials for various industries. A large number of people depend upon them for their living and great stimulus is afforded to the breeding of cattle, as hundreds of bullocks are employed for carting forest produce to the market. I have made a rough calculation of the burdens imposed upon the agricultural population by the Forest Department in Mysore and the consideration received by them in return, and find that the total amount paid by them in the shape of fees for grazing and materials does not exceed Rs. 75,000 per annum; whilst the money returned to them in the shape of wages, cart hire, etc., amounts to the large sum of Rs. 3,70,000. Besides, people who deal in timber and other forest produce make large profits and contribute to the wealth of the country. These are only some of the various advantages and benefits derived from the existence of forests. We do not deny that the constitution of State Forests means the curtailment of the unlicensed and unlimited privileges of the neighbouring people. but when the interests at stake are considered and when the great blessings conferred by them are fully realized the necessity for such limitation will be readily admitted. The Revenue Commissioner next refers to the advisability of reserving only large areas which are free from rights. The advantage of securing such unencumbered forests is unquestionable; but in the Malnad our valuable evergreen forests are so much honey-combed with cultivations that it is next to impossible to get compact blocks unburdened with privileges. In such cases our only alternative is to make the best of the bargain by continuing the privileges. As it is to the interests of the Forest Department to keep the neighbouring villagers from whom we have to draw our labour

supply contented, there is no reason to fear that unnecessary vexation and trouble will be caused to them in the exercise of their rights and privileges.

The subject dealt with in the last para of the Revenue Commissioner's letter may be left for the consideration and decision of the Forest Settlement Officer upon the merits of each case."

No. R. 3392-402—FT. 69-06-2, DATED BANGALORE, 30TH NOVEMBER 1907.

ORDER THEREON.—The selection of areas for reservation has been proceeding very slowly. The Conservator seems to think that the delay is chiefly due to the Revenue Department insisting upon an elaborate investigation of matters to be properly decided during the settlement and suggests that a great deal of the delay could be avoided, if after the area has been selected by the Forest Officer deputed for the purpose, the Deputy Commissioner goes over the proposal with the District Forest Officer obtaining from him such explanation as may be necessary and also in exceptional cases, calling for further information from the Amildar where absolutely necessary. The Revenue Commissioner states that in the case of most of the settlements now being effected, the preliminary notifications were issued before his office was created, and in advising Government on the final notification he has often been compelled to send the papers back to the Deputy Commissioner for the necessary information as the settlement papers did not contain any intelligible description of the resources of the tract or of the rights and privileges of villagers in the proposed reserve. Instances, he says, have also been common in which he had to object to the proposed settlement in its entirety as being quite incompatible with the exercise by the people of the rights and privileges and the agricultural requirements of the locality. He therefore considers it necessary that prior to the notification of an area under Section 4 of the Forest Regulation, the expediency of the proposed reservation should be thoroughly investigated with due regard to the nature of the tract, the existing rights and privileges of the people in the neighbourhood and others in the locality and the interests of the general public at large.

2. Government agree with the Conservator in thinking that no minute or elaborate enquiries are called for as to every right that may have to be respected by the settlement. But at the same time they consider that the matter should not be decided merely on the one-sided report of the Forest Officer who selected the area to be reserved. To prevent the waste of labour that would be incidental to the cancellation of a settlement if any proposed reservation is found to be undesirable after the proceedings of the Settlement Officer are completed, it is necessary before a tract is notified under Section 4, that there should be collected some information as to the extent of forest lands already under reservation in the same locality, the extent of occupied lands, the waste lands at the disposal of the villagers, the number of inhabitants and the live, stock owned by them, the extent of gomal (free-grazing) land already assigned, the nature of the lands proposed to be reserved, the ordinary requirements of the people in regard to forest produce and how they are met, any general rights and privileges which may be affected and all other facts and features which will enable Government to understand that there is a *prima facie* case for reservation and none such against it. If the Officer making the selection is unable to furnish the necessary information on these points himself, he may get it from the Amildar or when the papers are submitted to the Deputy Commissioner he may send them through the Assistant Commissioner in charge of the Sub-Division in which the tract lies in order that after local inspection or such personal enquiry as may be necessary, that Officer may furnish an opinion as to how the proposed reservation will affect agricultural interests. These enquiries preliminary to notification of a tract under Section 4 of the Forest Regulation need not be detailed or elaborate and therefore ought not to entail much labour and should certainly not be protracted, inasmuch as it would be the duty of the Settlement Officer in due course to enter into such enquiries, perambulating the tract, hearing the persons affected by the reservation and examining the evidence that may be adduced by them.

3. In a Native State like Mysore, where the bulk of the agricultural classes are ignorant and do not understand the effects of a demarcation until the Settlement Officer warns them of its meaning and of the penalty they incur by transgressing it

the Settlement Officer, whose procedure is prescribed in Government Proceedings No. 249-1304, dated 2nd October 1901, should not consider his functions to be restricted to those of a judge and recorder of rights claimed or proved. He is oftentimes rather an arbitrator effecting a judicious compromise between conflicting principles and claims. He may not decline a settlement. He may modify the original proposals by admitting rights or granting concessions as provided for in Sections 10 to 14 of the Forest Regulation. His enquiries should not have a tendency to encourage people to put forward claims to rights and privileges based upon an idea that forest conservancy without being for their benefit will involve them in difficulties and troubles. If he considers that the proposed reservation is altogether inexpedient and should be dropped, he may make his recommendation to that effect, and it is open to Government to decline to sanction reservation where any settlement that would not be injurious to the interests of the people is found to be impracticable.

4. Government do not consider it necessary to prescribe any hard and fast rules for the Settlement Officer as to the proportion of grazing land to be allowed for the use of cattle and as to other privileges, as these would vary with the circumstances of each locality which the Forest Settlement Officer will take into consideration and duly provide for. At the same time it is far from desirable to form State Forests subject to numerous petty rights and privileges to be regulated by several checks and formalities, the enforcement of which is a constant source of vexation to the public and oftentimes an engine of oppression in the hands of corrupt subordinates. In such cases partial reservation under Section 35 of the Forest Regulation would be preferable.

5. The Forest Settlement Officer is not required to confine his enquiries to claims actually advanced before him. It may be his duty to provide for others which may appear on reference to Government records or on local enquiry making sufficient allowance for the apathy and ignorance of raiyats, who do not raise a protest until they actually experience the incidents of the settlement. But this does not mean that he should go out of his way to hunt up and scrutinise every possible claim or put up the people to advance claims which by themselves they would not have thought of. The requirements of the raiyats residing at some distance from the forests is a point which has sometimes been urged for the consideration of the Settlement Officer, and the Government have no doubt that, on a proper representation to the Settlement Officer, he will duly provide for them, if it is proved to his satisfaction that such raiyats have been actually dependent upon the area in question for meeting their domestic and agricultural wants. Such claims will be carefully examined on their merits alike as regards absolute necessity and as regards foundation in well recognized and well established custom as distinguished from casual and clandestine enjoyment winked at by local officials. It is believed that legitimate claims of the kind under reference would be very rare.

6. The Government would in this connection desire the Conservator of Forests and the Revenue Commissioner to favour them with their opinions as to the advisability of somewhat extended action in the constitution of Village and District Forests as calculated to form an important adjunct to Reserved Forests, which, without subjecting the raiyats to excessive restrictions, would enable the Forest and Revenue Departments to enlist their co-operation towards the preservation of the vegetable growth therein and a more economical and well-regulated use of the supply provided by them.

7. Government trust that with these instructions both the work of selection and settlement will proceed apace and that the Revenue and Forest Departments will co-operate to secure to the State finally and at an early date the extent of forest area required on considerations not only of climate and rainfall but also in the abiding interests of the raiyats themselves.

SECTION 5—REVENUE MISCELLANEOUS

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 3391, dated the 9th September 1907, from the Revenue Commissioner in Mysore, submitting for orders the Tumkur Deputy Commissioner's letter No. 193 of the 5th September 1907, regarding the alleged construction of a bund by one Doddappa of Arasikere village in the Pavagada Taluk across the feeder channel of the Chitnavadaku tank in the Madakasira Taluk, Anantapur District.

No. R. 2776—R. M. 68-07-2, DATED BANGALORE, 2ND NOVEMBER 1907.

ORDER THEREON.—The Deputy Commissioner has apparently misunderstood the Order of Government, No. 734, dated the 31st July 1907, regarding direct correspondence by him with the British authorities. Government are unable to see any conflict between that order and Order No. 573, Political, dated the 31st August 1900, of the Madras Government, referred to by the Deputy Commissioner, and other orders passed in the matter. In the Madras Government Order, it is expressly stated that direct correspondence should be confined to routine and unimportant matters, which do not involve any decided expression of opinion. Where the officers of the British Government have not accepted the views of the Deputy Commissioner and desire to have the matter settled by joint inspection or insist on their original views being carried out, it cannot be said that the matter has not reached a controversial stage. There is nothing in the Government Order referred to above, to prevent the Deputy Commissioner from answering questions put to him by British officers as to facts within his knowledge, when by doing so he does not commit himself to expressing any decided opinion or to any course of action for which the previous approval of Government is necessary.

In the present case, if, as the Deputy Commissioner states, no bund has been put across the feeder channel of the Chitnavadaku tank, but only the water flowing over the raiyat's own land through an insignificant water-course formed by the erosion of water, has been intercepted by means of a light bund, and the raiyat is entitled so to retain it, the Deputy Commissioner would be justified in informing the Collector that he saw no sufficient reason to order the removal of the bund, and, if the Collector was not satisfied with his explanation, all further action would, as required by standing orders, have to be taken through the respective Governments.

(1) Letter No. C. 94, dated the 7th October 1907, from the Revenue Commissioner in Mysore, reporting on Representative Assembly Subject No. 294 of 1906, regarding the appointment of nala-managars for tanks yielding more than Rs. 5,000 and the levy of a cess from raiyats holding lands under them to meet the cost of maintenance:—

"Referring to your docket No. R. 5846—R. M. 196-06-1, dated 8th December 1906, calling for my opinion on Dasara Representative Assembly Subject No. 294 of 1906, *re* appointments of managars for tanks yielding more than Rs. 5,000, I have the honor to forward herewith a statement

compiled from the information furnished by the Deputy Commissioners of districts, except Mysore, showing the number of such tanks in each district and the existing arrangements for distribution of water, together with the Deputy Commissioners' remarks or suggestions.

2. It will be observed therefrom that nala-managers have been appointed for twenty out of thirty-two tanks, the distribution and regulation of water-supply under the remaining twelve tanks being at present attended to by nirgantis under the guidance and control of patels. The proposals for the appointment of nala-managers to the Dipambudhi tank in the Kunigal Taluk and the Rani Talav in the Challakere Taluk, are under correspondence, and will form the subject of separate references. The suggestions of the Deputy Commissioner, Tumkur District, for the appointment of two managers, one for the four tanks in the Sira Taluk and another for the three tanks † in the Tumkur Taluk, will also receive due consideration after further investigation. The existing arrangement for the remaining three tanks is reported to be satisfactory. But I have reason to believe that the Kadaba tank also needs a manegar for correcting the abuses now prevailing, and shall take the necessary action.

*1. Kallambella
2. Chikkandra
3. Handenhalli
4. Kurihalli

†1. Tumkur
2. Mydala
3. Bugadanhalli

3. I find that the representation of the members is twofold, *viz*, (1) for the levy of an acreage cess of eight annas for the annual maintenance work being done by Government agency and (2) for the appointment of nala-managers for distribution of water from tanks yielding a revenue of more than Rs. 5,000.

4. The first raises the general question of the levy of an acreage cess for all tanks in lieu of the raiyats' liability for the annual up-keep which under the standing orders of Government cannot be done unless all the raiyats holding lands thereunder agree to pay it. No general orders for the compulsory levy of the cess seem desirable, and it is open to the raiyats to choose the course best suited to the case of each tank. It is, moreover, desirable that the raiyats should be encouraged to continue to be responsible for the work, as it is more economical in the long run and is further calculated to promote a spirit of union among them, though it is at first too difficult to create and foster it.

5. As for the appointment of nala-managers also, the Government concurring with the late Revenue Commissioner's views, have ordered that it is inexpedient to lay down any hard and fast rule on the subject, or define any limit for universal application, and that each case may be decided on its merits—*vide* Government Order No R 7155—Mis 598-03-5, dated 13th February 1905. I do not think this order requires reconsideration. But at the same time I may state that nala-managers are very necessary for better conservancy and distribution of water in a good many cases and that no expenditure incurred can ever be considered a waste. Until a strong and capable village panchayat come into being to take charge of the maintenance of tanks and of distribution of water-supply, nala-managers are desirable. Having no local interest and not being subordinate to the patels, managers can be expected to perform their duties better than the nirgantis, who generally yield to the influence of the more powerful men in the village and cannot be expected to master difficulties arising from the conflict of interests of different villages. If this were done, much of the present complaints against unequal and insufficient supply of water, especially from the raiyats holding lands under the tail end of the channel, would cease."

Correspondence ending with letter No. C. 138, dated the 16th October 1907, from the Revenue Commissioner, reporting on the petitions of the raiyats holding lands under the Devaraya Channel in the Seringapatam Taluk, complaining that water for irrigation had not been allowed from the said channel during the irrigation season, and praying that proper arrangements may be made for giving them an adequate supply.

No. R. 3334-6—R. M. 56-07-10, DATED BANGALORE, 27TH NOVEMBER 1907.

ORDER THEREON.—Owing to complaints from the raiyats holding lands under the Devaraya Channel, that water had not been allowed from the channel to their lands from the 1st of June according to the existing practice, on the ground that the whole of it was required for the supply of water to the Mysore City and that in consequence they had been subjected to great loss by not having been able to transplant their paddy seedlings, the Revenue Commissioner was asked to inspect the locality and furnish a report in the matter. It was also represented that owing to the want of proper arrangements for silt-clearing, etc., and defects in the construction of the turbine-house at Belgola, the quantity of water available for irrigation beyond the turbine-house was quite insufficient.

2. The Revenue Commissioner considers that the complaints are well founded, but that the stoppage of the supply was necessary for providing a sufficient quantity of water for the consumption of the inhabitants of the City of Mysore, especially at a time when the rains had held off. To relieve to some extent the hardship caused by reducing the supply for irrigation in the middle of the cultivation season, he arranged with the concurrence of the local Public Works Department authorities, as a temporary measure, for the allowance of a full flow of water in the channel for 3½ days in a week and on the other days of only the surplus over the quantity required for the supply of the Mysore City. The raiyats are not, however, satisfied with this arrangement and have repeated their complaints.

3. The Chief Engineer, who was consulted in the matter, is of opinion that while it is to some extent true that the accumulation of silt in the top part of the channel has somewhat affected the supply of water available for irrigation, there is nothing defective in the construction of the turbine-house itself, and that even with the removal of the silt, the quantity available will not be increased sufficiently to satisfy the requirements of cultivation beyond the 11th mile, as long as it is necessary to meet the demands of the Mysore City for drinking-water with the existing arrangements. He therefore considers that, in view of the importance of ensuring an adequate supply of water to the Mysore City during the Dasara and Exhibition, which take place annually and when there is a large influx of people, it is absolutely necessary to restrict wet cultivation under the channel to the first eleven miles of the channel, and that beyond the 11th mile, the land should be thrown out of wet cultivation by putting a bund across the channel so as to avoid complaints about want of water after crops had been planted in expectation of such a supply. The Revenue Commissioner also agrees to the proposal, as he regards it essential that the question of providing an adequate supply of water to the Mysore City should prevail over every other consideration. It is also reported that these difficulties will cease to exist when the installation of the electrical pumping plant for the water-supply to the Mysore City, now under consideration of Government, is sanctioned.

4. Government therefore deem it necessary to restrict wet cultivation below the channel up to the 11th mile-stone; and the raiyats beyond that point should be informed by means of a notice that no water can be supplied to them for irrigation as long as it is necessary to continue the present arrangements for the supply of water to the Mysore City. The Revenue Commissioner is also requested to ascertain the extent of the lands affected by the present decision and submit proposals as to the compensation that may have to be paid to the raiyats on this account. As long as it is considered necessary to stop the supply, lands classed as wet or garden and situated beyond the 11th mile will be assessed only at dry rates. Government also consider it necessary that some effective steps should be taken to prevent the accumulation of silt in the channel, as it will gradually tend to lessen its capacity; and the Chief Engineer is requested to suggest some means by which the silt may be removed without rendering it necessary to close the channel for any long period so as to interfere with the supply of water to the Mysore City.

The following letter No. 1830, dated 18th September 1907, from the Excise Commissioner in Mysore :—

"I have the honour to state that Government have ordered in their Proceedings No. Fl. 9243-54—S. R. 145-06-1, dated 15th June 1907, that the separate levy of local cess on toddy shop rental and tree tax should be abolished and that 1—17th of the tree tax and rental collected should be credited to Local Funds in lieu of the proceeds of the cess. The only other items of Excise on which local cess is at present levied and shown separately in the accounts, are the duty on arrack, ganja, majum and beer. Out of the duty of Rs. 4-12-0 paid on every gallon of arrack of 20° U. P., 1—17th is set apart for local cess which is entered in a separate column opened for the purpose in the Day Books and Ledgers. Every payment made into the Treasury on account of duty has to be divided and apportioned at the rate 16—17th to still-head duty proper and 1—17th to local cess. A similar procedure is adopted in the case of the duty on ganja and majum. As regards beer, local cess at one anna per rupee is separately levied and entered in the accounts. This system of accounting involves a great amount of unnecessary clerical labour, besides arithmetical calculation.

2. I, therefore, beg to submit that, as ordered in the case of toddy shop rental and tree tax, the practice of showing separately in the accounts the local cess on still-head duty and that on the duty on ganja and majum, may be ordered to be discontinued. The separate levy of local cess on beer duty may be merged in the duty itself. In all these cases, 1—17th of the collections may be credited to Local Funds annually in lieu of the proceeds from cess.

3. The amalgamation of local cess on beer duty and the abolition of the system of separately accounting the local cess out of the duty paid on arrack, ganja and majum will tend to a further simplification of accounts as sanctioned in the recent Government Order of the 14th December 1906. By adopting this course, the demand on the license will be simplified and the collection and accounts too facilitated to a great extent. I may mention that, in the first instance, this is worked out by the vattu mutsaddi, a poorly paid official of Rs. 10 per mensem, and who, in the majority of cases throughout the Province, seldom holds the appointment for more than a few months at a time, so that in the event of mistakes being made, it entails a very large amount of labour and time to rectify. I solicit early orders in the matter."

No. Fl. 2413-22—S. R. 81-07-2, DATED BANGALORE, 21ST NOVEMBER 1907.

ORDER THEREON.—The above recommendations of the Excise Commissioner are approved, but the credit to the Local Funds will be afforded every quarter as ordered by Government in Proceedings No. Fl. 9243-54—S. R. 145-06-1, dated 15th June 1907, in the case of toddy.

2. The Excise Commissioner is requested to submit at a very early date, for the approval of Government, draft notifications announcing the modifications in the existing rules necessitated by the changes now sanctioned.

SECTION 3—BANKING

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letters Nos. C. 147 and C. 160, dated the 20th and 30th October 1907, respectively, from the Revenue Commissioner in Mysore, submitting the report on the working of the Agricultural Banks in the State during the year 1906-07, received from the Inspector of Agricultural Banks and embodied in his letter No. 195, dated the 15th October 1907.

No. FL. 2397—B. 23-07-5, DATED BANGALORE, 21ST NOVEMBER 1907.

ORDER THEREON.—The statistics submitted with the report are not, for reasons stated, in the forms prescribed in Government Orders Nos. R. 2558-66 and R. 3474-81, dated the 10th December 1901 and 17th May 1904 respectively, and the statements have, to a large extent, been altered by the Inspector of Agricultural Banks, as he had to depend upon the statistics independently collected by him from the Banks direct and the Treasuries. The Revenue Commissioner is requested to issue necessary instructions to the Deputy Commissioners for furnishing the Inspector promptly with statistics of the Banks as laid down in the order of December 1901, above referred to, to ensure the submission of the report to Government within the prescribed time. As it is reported that the Banks have now been made to keep accurate accounts and submit periodical returns, it is hoped that next year, by which time all the Banks will have received a full year's supervision by the Inspector, the report will be fuller and more in accordance with the orders of Government.

2. There were thirty-six Banks working during the year, as against forty-eight in the previous year, and the statistics relating to them are furnished in Statements I to IV, while Statement V shows the amounts paid up and still due to Government from the twenty-three Banks ordered to be wound up, excluding the late Coffee Banks at Chikmagalur and Saklespur. The report does not clearly record whether there were any improvements in the condition of the Banks during the year, which have, it is reported, experienced considerable difficulty in recovering their loans from the members, owing to the majority of the office-bearers themselves being defaulters. The proposal submitted by the Revenue Commissioner as desired in para 3 of Government Order No. Fl. 6541-50—B. 11-06-12, dated the 1st March 1907, in regard to the grant of facilities to the Banks to realise their dues, is under the consideration of Government.

3. The resources of the working Banks continued, as in the past, to be confined to the loans obtained from Government, and very few attracted any deposits during the year. The Inspector remarks that there is no chance of any of the Banks surviving after the Government loans are recovered, and the Revenue Commissioner fully endorses this opinion, but he is doubtful if, as the Inspector suggests, their conversion into Co-operative Societies can in any way avert the impending collapse of a Bank due to want of funds for carrying on transactions. Government have, however, hopes that, with the grant of certain facilities above referred to, the constant inspection of the Inspector and the annual appraising of the property of the Banks by the Jamabandi Officers, the position and prospects of these Banks may be materially improved and the interest of Government at the same time safeguarded.

Letter No. 4411 of 7th October 1907, from the Revenue Commissioner in Mysore, submitting with certain observations the Report on the working of the Co-operative Societies Regulation during the year 1906-07, received with the Registrar's letter No. 168 of the 28th September 1907.

No. FL. 2496—B. 22-07-6, DATED BANGALORE, 21ST NOVEMBER 1907.

ORDER THEREON.—In addition to the four societies working at the close of 1905-06, twelve new societies, all on the limited liability basis, were registered during the year. Excepting the agricultural society at Hiriyur, which, it is to be regretted, showed no activity, and the National Co-operative Union at Bangalore, which appears to possess no vitality, all the other fourteen societies are reported to be in working order and progressing satisfactorily.

2. Government note that the co-operative movement has not as yet extended in the district of Kolar, Chitaldrug or Shimoga, and they agree with the Revenue Commissioner in thinking that the Registrar has a large field for the propagation of co-operative principles in these parts.

3. It is reported that outside capital has not yet begun to flow in freely for purposes of financing the co-operative societies, and with the exception of the society at Melkote practically none of them have succeeded in attracting any capital from non-members. In accordance with the recommendations of the Registrar and the Revenue Commissioner, that Government should make some provision for advancing money to a limited extent to these societies, Government have, under separate orders, been pleased to place a sum of Rs. 15,000 at the disposal of the Revenue Commissioner for the purpose.

4. The detailed information called for in para 4 of the Government Order on last year's report, is furnished in the form of statements, but Government are of opinion that some of them are rather elaborate, and may with advantage be compressed. This being the first year in which such statistical information is furnished, the Revenue Commissioner is requested to suggest in consultation with the Registrar suitable forms in which the required information may be embodied in future years.

5. The financial position of the different societies is shown in Statements Nos. 18 and 19 appended to the Registrar's report, which, as observed by himself, are somewhat defective.

The result of audit of the accounts of the societies, as embodied in these statements, does not give a clear conception of their financial position.

The Registrar reports that the systematic audit of the transactions of these societies more than once annually is necessary for some time to come. But it is not so much the number and the frequency of audits as the thoroughness and the knowledge of account principles that should be brought to bear on them, that are essential, and Government hope that the Registrar will be able to place before them, next year, a complete and accurate review of the position of the Co-operative Societies.

Correspondence ending with letter No. 6391 of the 14th December 1906, from the Revenue Commissioner in Mysore, submitting with his remarks letter No. 157 of the 10th idem from the Registrar of Co-operative Societies in Mysore, regarding the grant of Government help to Co-operative Societies.

No. FL. 2513-4—B. 48-06, DATED BANGALORE, 26TH NOVEMBER 1907.

ORDER THEREON.—One of the representations made at the meeting of the Representative Assembly held in October 1906, was that, in view of the inability of Co-operative Societies to raise the entire capital required for their working immediately after formation, the Government might advance loans to such societies up to a certain proportion of the funds collected by them. The views of the Revenue Commissioner and the Registrar of Co-operative Societies were invited on this proposal and their recommendations are on the lines of the practice obtaining in this respect in some of the British Indian Provinces.

It is urged that, in the early stages of a society's existence, a loan from Government, free of interest for a time, will enable the newly started Co-operative Society to bear the cost of establishment and other incidental expenses out of the interest realized on the amount, till the society collects its own capital and begins work. The grant of small loans from Government will also serve as an indication of the interest of Government in the societies. It is also urged that what is wanted is not so much material assistance as something to show that the Co-operative Societies command the confidence of Government.

Government are accordingly pleased to direct that a sum of Rs. 15,000 be made available for loans to these societies. The grant will not be repeated every year, and the loans advanced to these societies will be subject to the following conditions :—

(1) The loan will not exceed the paid-up share capital of the society and shall also not exceed Rs. 2,000 in any case.

(2) The loan will be free of interest for the first two years, and will afterwards bear interest at five per cent per annum.

(3) The loan shall be repaid in three annual instalments commencing after the lapse of the first two years.

The detailed rules in regard to the grant and repayment of these advances will be issued under a separate notification.

The Comptroller will be requested to place a sum of Rs. 15,000 at the disposal of the Revenue Commissioner for the purpose.

JUDICIAL AND LEGISLATIVE

SECTION 1—LEGISLATIVE

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 668, dated the 19th August 1907, from the Chief Inspector of Explosives in Mysore, forwarding the Report on the working of the Explosives Regulation and the Rules thereunder, during the year 1906.

No. J. 1556-64—LEGIS. 5-07-5, DATED BANGALORE, 18th NOVEMBER 1907.

ORDER THEREON.—The report was due on the 1st May 1907, but was received only on the 21st August 1907.

2. Government observe that, with but few exceptions, the magazines were in proper order, and that the general physical conditions of the different explosives in magazines and other stores were satisfactory and the explosives were efficacious when put to use.

3. The total number of licenses issued both by Government and District Magistrates during the year was 163, against 140 in the year 1905.

4. Though the number of inspections of licensed premises conducted by the Magistracy and the Police during the year under review was more than during the previous year, *viz.*, 348, against 315 during 1905, Government regret to observe that they were not conducted systematically and did not extend to as many premises as were brought under inspection during previous years. While such of the premises as are situated close to towns and are easy of access were inspected very often, premises situated in remoter places were not inspected at all. This is particularly noticeable in the Shimoga and Kolar Districts. It is also not satisfactory that the Officiating Chief Inspector of Explosives, Mr. Setlur, was unable to make any inspections. There can hardly be any excuse for this.

5. With the exception of an accident that occurred in the gunpowder storing and manufacturing shed at Kunikere, near the Marikanave works, under the control of the Public Works Department, which ended in the loss of ten lives, no accident from explosives stored either in magazines or licensed premises, was reported during the year. But seventeen accidents ending in the loss of ten lives and injuries to twenty-one persons occurred in the Kolar Gold Field, all in connection with the underground mining operations. In spite of the increase in the number of these accidents, the number of persons killed and injured was less than in the previous year.

6. The suggestion of the Officiating Chief Inspector to renew the practice of printing appendices along with the report, should be made the subject of a separate reference as pointed out in the General and Revenue Secretary's letter No. J. 3086—Legis. 14-06-6, dated 6th April 1907.

SECTION 3—MEDICAL

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. 4330-70—MED. 43-07-14—DATED BANGALORE, THE 12TH NOVEMBER 1907.

ORDER.—In continuation of Government Proceedings No. 9274-314—Med. 229-06-2, dated the 9th April 1907, laying down revised rules for the grant to Government servants and to indigent persons unconnected with the public service, of certain concessions to enable them, when bitten by a rabid animal, to proceed without delay to the Pasteur Institute at Coonoor for treatment, the Government of His Highness the Maharaja are pleased to direct that women, children under sixteen years of age, and men who are, by reason of age or other sufficient cause, incapable of travelling alone, may be allowed an attendant to accompany them to the Institute, and that any such attendant shall be granted (1) travelling expenses and maintenance allowance at the rate sanctioned for patients; and (2) wages not exceeding four annas a day in cases where the despatching officer is satisfied that the patient is unable to pay the daily expenses of the attendant.

This concession will be granted at the discretion of the officer who decides whether the patient should be given the concessions already sanctioned.

SECTION 4—SANITARY

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 608, dated the 24th August 1907, from the Officiating Senior Surgeon and Sanitary Commissioner, stating with reference to para 3 (10) of Government Proceedings No. 1378-92—San. 93-06-8, dated the 10th August 1907, that the establishment allowed for the office of the Sanitary Commissioner is inadequate to cope with the work of that office, and requesting sanction to an additional establishment costing Rs. 294 per mensem including a draftsman on Rs. 30, and pointing out that the total additional cost for the year may be met from the allotment for the year for the new Department of Public Health.

No. 4371-3—SANY. 54-07-4, DATED BANGALORE, 12TH NOVEMBER 1907.

ORDER THEREON.—In submitting his proposals for the formation of a Health Department, the Officiating Senior Surgeon had recommended for the Sanitary Commissioner's office an establishment of eleven hands, besides a menial establishment of nine hands, at a total monthly cost of Rs. 399 rising to a maximum of Rs. 519.

2. In Government Proceedings No. 6828-9—Med. 51-05-11, dated the 4th February 1907, an establishment of three clerks and two peons at a total monthly cost of Rs. 84 had been sanctioned for the Sanitary Branch of the Senior Surgeon's office and when the Health scheme was sanctioned in Government Proceedings No. 1378 92—San. 93-06-8, dated the 10th August 1907, it was said in para 3 (10) of the order that the additional establishment costing Rs. 399 rising to Rs. 519, applied for by the Senior Surgeon and Sanitary Commissioner, could not be given.

3. In the letter cited above, the Sanitary Commissioner now represents that the establishment originally asked for is quite necessary for the work of his office in addition to a draftsman on Rs. 30, and reports that in separating the work of the Sanitary Branch of his office from that of the Medical Branch, he has been able to spare for the Sanitary Branch an assistant accountant on Rs. 30 and a despatcher on Rs. 15 from the Medical Branch as well as a clerk on Rs. 20 from the Medical Stores. The Sanitary Branch has thus at present an establishment of six clerks and two peons costing Rs. 149 per mensem. The Sanitary Commissioner applies for an additional establishment consisting of six hands (including a draftsman) for the office and seven hands for the menial establishment.

4. The transfer to the Sanitary Commissioner's office of the three officials above referred to is approved, their places in the Medical Branch of the Senior Surgeon's office and the Medical Stores being abolished. The entertainment of the following additional office and menial establishment asked for, with the exception of a Manager on Rs. 75 and a clerk on Rs. 15, is also sanctioned.

Correspondence ending with letter No. 797, dated the 14th September 1907, from the Military Assistant to the Government of His Highness the Maharaja of Mysore, forwarding the report of the Government Stud Farm Horse Breeding Operations at Kunigal, for the year ending 30th June 1907.

No. G. 3120—G. M. 86-07-5, DATED BANGALORE, 18th NOVEMBER 1907.

ORDER THEREON.—Recorded.

2. The year under report commenced with 6 stallions, to which 1 was added by purchase, making a total of 7 stallions at the end of the year. There were 101 mares on the Farm at the close of 1905-06; 14 mares were added during the year, making a total of 115 mares. The casualties by death, sales and transfers were 15, thus leaving a balance of 100 mares on the 30th June 1907 on the Farm.

3. There were 122 foals at the end of the last year; the births during the year were 37, of which 18 were colts and 19 fillies, which raised the number to 159. The casualties in the young stock during the year under report were 29, leaving a balance of 130 on the Farm.

4. The general condition of the stock on the Farm is reported to have been uniformly good throughout the year, the percentage of deaths being the lowest on record.

5. The value of live stock at the beginning of the year under report was Rs. 1,39,799, and that at the end Rs. 1,35,393, the decrease being due to casualties by sale, deaths, etc.

6. The outlay on the Stud Farm during the year was Rs. 54,867 against Rs. 54,899 in the previous year.

7. The question of transferring remounts over three years of age to the ranks, referred to in para 16 of the report, is under consideration and early orders will be passed on the subject.

8. Government desire to express their acknowledgments to Col. Jones and to the Veterinarian in charge, for their efficient management of the Farm during the year under review.

Government Proceedings No. 3957-64½—Muzrai F. 23-93, dated 17th March 1906, directing the revival of feeding in the Muzrai Annachattrams in the State, and requesting the Deputy Commissioners of Districts to submit proposals for any additional establishment that may be necessary for the purpose.

Letter No. 115, dated 3rd September 1907, from the Deputy Commissioner, Chitaldrug District.

No. 2190-1, DATED BANGALORE, 7TH NOVEMBER 1907.

ORDER THEREON.—In the letter read above, the Deputy Commissioner of the Chitaldrug district reports that out of the eight Chattrams in his district as noted in the margin, which are endowed with money grants shown against them, those at Hiriyur, Challakere, Hanagal and Bommagondanakere are situated on the Bangalore-Bellary high road and are resorted to mostly by Gosayis who do not take the food cooked by Brahmins, and that moreover the amounts now available for feeding charges in those chattrams are too small to admit of feeding being introduced in addition to the doling out of rations to the Byragis. In these circumstances, the Deputy Commissioner does not recommend the introduction of feeding in those chattrams. The Government agree with the Deputy Commissioner and direct that the system of giving raw rations to pilgrims be continued in these chattrams as heretofore.

With respect to the chattram at Holalkere, the Deputy Commissioner reports that the establishment therein maintained at present, is quite sufficient to revive feeding and that those who object to be served with cooked food may be given raw

rations. He further states that feeding has already been started in this chattram. The action taken is approved.

3. Regarding the chattram in Chitaldrug town, the Deputy Commissioner states that the Brahmin servant who now gets only Rs. 5 per mensem without rations cannot be expected to cook and serve food to travellers, and proposes that his pay may be increased to Rs. 8 and he may be made to do the duties of both cook and waterman. He reports that although this arrangement results in a decrease of Rs. 3 per mensem in the amount available for feeding, it would not materially affect the interests of the travellers. Under these circumstances, the Deputy Commissioner's proposal in regard to this chattram is sanctioned. The scale of establishment and other charges of the institution now sanctioned, will be as follows:—

	Rs.	a.	p.
Cook and waterman	8	0	0
Sweeper	3	0	0
Contingencies	1	0	0
Nehami allowances...	21	0	0
Feeding charges	24	6	0
Total ...	57	6	0

4. As regards the remaining two chattrams, *viz.*, those at Harihar and Komaranahalli, the Deputy Commissioner states that he has issued orders to the Deputy Amildar of Harihar, to arrange tentatively for the revival of the system of serving cooked food in them with the existing establishment. A report as to how the arrangement works, is awaited.

5. Regarding the chattram at Komaranahalli, the Deputy Commissioner, however, recommends as an alternative measure, that in view to provide sufficient funds for reviving feeding therein, the services of the mutsaddi, who has been appointed temporarily on Rs. 6 per mensem, as noted in the margin, to maintain the accounts of this chattram and of the Sri Ranganathaswami temple, a Muzrai institution situated in the premises of the same chattram, may be dispensed with, as the accounts of the temple inam lands are kept by the respective shanbhogs of the villages where the inam lands are situated, and the sum of Rs. 4 of the temple thereby saved may be utilized for chattram purposes.

	Rs	a.	p
From the chattram funds	2	0	0
From the Sri Ranganathaswami temple funds	4	0	0
Total	6	0	0

6. The Government, however, observe that though the appointment of the mutsaddi for the said chattram and temple was originally sanctioned in 1896 only tentatively for one year, yet on the then Deputy Commissioner Mr. M. S. Narayan Rao's reporting that the inam lands and the affairs of the temple and the chattram had greatly improved on account of the mutsaddi and that his services were indispensable in the interests of both the institutions, the period of his appointment was being extended year after year, until finally the Government in their Proceedings No. 329-30, dated 4th September 1901, directed that the appointment be made permanent. It is not, therefore, temporary as stated by the Deputy Commissioner. Moreover the Government are not in favor of transferring the funds of the temple for chattram purposes. The Deputy Commissioner is therefore requested to reconsider the matter in the light of the above observations, and submit revised proposals, if need be, for the establishment required for this chattram and for the one at Harihar.

7. The early submission of the detailed report is requested.

Correspondence ending with letter No. 152, dated 25th September 1907, from the Deputy Commissioner, Mysore District, recommending that the tasdik of the Sri Kailaseswaraswami temple at Bannur in the T.-Narsipur Taluk, may be transferred to the Sri Hanumanteswaraswami temple in the same place.

Memo No. 2, dated 4th October 1907, from the Superintendent of Inam Settlements in Mysore.

No. 2347-9, DATED BANGALORE, 18TH NOVEMBER 1907.

ORDER THEREON.—The temples of Sri Kailaseswaraswami and Sri Hanumanteswaraswami at Bannur in the T.-Narsipur Taluk, are Muzrai institutions endowed with cash grants of Rs. 0-7-7 and Rs. 1-3-2, respectively, per mensem.

2. When the Secretary to Government, Muzrai Department, inspected the Sri Kailaseswara temple in December last, he observed that it was in ruins and no puja was being performed in it. The residents of Bannur prayed that the tasdik of Re. 0-7-7 per mensem, assigned to that temple, might be transferred to the adjoining temple of Sri Hanumanteswara in addition to its own tasdik, as puja was being regularly conducted in the latter institution chiefly with help from the devotees.

3. The matter having been referred to the Deputy Commissioner and the Superintendent of Inam Settlements for opinion, the former officer recommends the transfer prayed for and the latter officer states that there is no objection to the transfer, provided the Sri Kailaseswara temple is not likely to be restored.

4. The Government observe that the Sri Kailaseswara temple is in an utterly dilapidated condition and there is no likelihood of its being restored. They therefore direct that the small cash allowance of Re. 0-7-7 per mensem, assigned thereto, be transferred to the Sri Hanumanteswara temple at Bannur, where puja is reported to be regularly conducted.

5. The needful changes should be made in the title-deeds and the Inam Registers.

Correspondence ending with letter No. 84—S, dated 19th August 1907, from the Deputy Commissioner, Hassan District, requesting the orders of Government in the matter of the arrears of assessment due on the Harnahalli Gold Mining Block in the Arsikere Taluk.

No. 1463-7, DATED BANGALORE, 12TH NOVEMBER 1907.

ORDER THEREON.—The assessment due on the Harnahalli Gold Mining Block in the Arsikere Taluk granted to Mr. Lonsdale under lease No. 81 and subsequently assigned by him to the Mysore Harnahalli Gold Mining Company, Limited, has been in arrears since 1897-98 and amounted to Rs. 5,338-14-0 at the end of 1906-07. Under the terms of the lease, a notice of demand was issued to the Company and a copy thereof was also posted on the block. The Company having failed to pay the assessment, the Government direct that the mining lease be cancelled and the lands comprised therein resumed by Government. The arrears of assessment due on the block up to the end of the year 1906-07 will be written off the accounts and the deposit of Rs. 1,000 held by Government as security for the due fulfilment of the terms of the lease shall be retained by Government as and for their own property.

Correspondence, ending with letter No. 79, dated 1st August 1907, from the Deputy Commissioner, Tumkur District, on the subject of the arrears of assessment due on the Chiknayakanhalli Block No. 1 in the Chiknayakanhalli Taluk, granted to Messrs. Ryan, Ryan and Fletcher for mining purposes under lease No. 18, dated 2nd February 1882.

No. 1556-60, DATED 22ND NOVEMBER 1907.

ORDER THEREON.—The assessment on the above block has been in arrears since 1882, the year of the grant of the lease. On receipt of a report in the matter from the Deputy Commissioner of the Tumkur District in his letter No. 223, dated 3rd August 1882, the Government in their letter to him, No. 3453—113, dated 10th August 1882, directed the issue of the prescribed notices and the resumption of the block in default of payment of arrears. Accordingly in December 1886 in Deputy

Commissioner reported to Government that the terms of the lease regarding the issue of notices had been complied with and that as no payment was made, the block was resumed to Government. Subsequently certain parties claimed an interest in the lease and offered to pay the revenue arrears due and prayed for the restoration of the block, and thereupon the Government were pleased to authorize the Deputy Commissioner to condone the delay and restore the block if the arrears were paid. But the parties did not pay the arrears, and the Deputy Commissioner again solicited the instructions of Government to cancel the lease and write off the arrears due. Under these circumstances, the Government of His Highness the Maharaja of Mysore direct that the lease of the block be cancelled and that all the arrears of assessment due thereon be written off the accounts. The Deputy Commissioner is requested to report for the information of Government the actual amount of the arrears to be written off.

2. The deposit of Rs. 3,000 paid by the lessees as security for the due fulfilment of the covenants of the lease, shall be retained by Government as and for their own property.

18	Fl 2297	14	H. Venkatesiah, retired Head Acct., Gen. & Rev. Sect., residing in Basavangudi Extension, Bangalore City	With reference to his application for a copy of the endorsement or certificate said to have been given to his father for his having paid on 7th November 1861 the stamp duty and penalty on a document executed in his favor, infoming H. Vekatesiah that the information given in his present petition does not enable this office to trace out the paper, copy of which is applied for.
19	Fl 2207 / S R 144-06-4	14	Supt. of Stamp Manufactory	Forwarding copy of letter No. 81, dated 9th October 1907, received from the Superintendent of Stamps, *re* question of recovering from the authorities of the Civil and Military Station, Bangalore, the cost of manufacturing and supplying stamps to them and of surcharging such stamps with the words "Civil and Military Station," and requesting him to furnish Government with the information referred to in para 4 of the letter.
20	Fl 2315 / S R 105-07-2	15	Excise Comr. ...	In the matter of the introduction into the State of new arrack dram cups made of aluminium, enquiring what amount may be required for the introduction of such cups as an experimental measure first into the Kolar Gold Fields, how it is proposed to be met, before it can be recovered from the licensees, what would be the cost of each set of aluminium cups proposed to be introduced, and what would be charged therefor from the licensees.
21	Fl 2324	15	Do ...	Returning his letter No. 3401, dated 9th November 1907, *re* grant of ten days' privilege leave to Mr. M. Hassan Ali, District Excise Officer, Chitaldrug, with a request to make the application in the prescribed printed form supported by the Comptroller's certificate.
22	Fl 2317	15	Supt. of Stamps, *thro'* Stamp Comr.	Informing him that the alterations proposed by him to be made in the figures of the Statement B subjoined to the Stamp Report for 1906-07, may be made in his office when examining the proofs thereof.
23	Fl 2322 / S R 56-07-2	15	Excise Comr ...	Informing him that his proposal to retain the dafadar of the late Deputy Excise Commissioner's office, who has not yet been given any appointment, as a supernumerary till he can be elsewhere provided, will create an inconvenient precedent, that if he cannot be provided with a suitable appointment, the only alternative is to discharge him on compensation pension, and that he may be reappointed, if found qualified, whenever a suitable appointment is available.

26	Fl 2387-8 S R 166-06-4	21	Ex. Comr. & Comptr.	According sanction to two refund bills in favour of Muddamalliah and Sanjiviah, toddy licensees in the Tiptur Taluk, for 1902-03 for Rs. 11 and 89-5-8, respectively, on account of the amounts of fines wrongly recovered from them in respect of date trees marked for them which died not from over-tapping but from attack of insects, and observing that the levy of the fine was unauthorized and was evidently the result of ignorance and utter negligence on the part of the officers who recommended and sanctioned it and that such ignorance of rules and inadequate advertence to the facts of this case on the part of responsible Excise officers are as inexcusable as they are regrettable.
27	Fl 2389-90 S R 63-07-4	21	Do ...	According sanction to writing off the accounts of the irrecoverable amount of Rs. 116-7-10 in favour of Chikka Obliah, licensee of Lokikere group of toddy shops in the Davangere Taluk for 1904-05, with the remark that the records disclose that the licensee defaulted in payment of rent in the very first month of the lease, that there was also much avoidable delay thereafter in taking steps to recover the amount due, that the loss sustained by Government is entirely due to the delay that was allowed to occur, that the Excise Commissioner should see that such cases do not occur and that a copy of this order should be communicated to the officers concerned in the proceedings.
28	Fl 2391-2 S R 92-07-2	21	Do ...	According sanction under the circumstances explained to writing off the accounts, the sum of Rs. 81-4-0, being the arrears of toddy revenue due from one Lingadahalli Range Gowda for 1897-98.
